

BEAUTY PASSPORT

YOUR PERSONALISED
TREATMENT PLAN

Welcome to your personalised Beauty Passport

Together we want to help you achieve the treatment outcome that you are looking for.

Allergan Aesthetics has evolved to adopt a holistic treatment approach that focuses on delivering an overall outcome (the emotional attributes), rather than just considering lines and wrinkles.

In Beauty Passport we'll create a customised treatment plan that aligns with your personal goals and needs.

The Beauty Passport is a place to record the treatments that you receive, helping you to track your progress towards achieving and maintaining your desired outcome.

Name: _____

Age: _____

Practitioner: _____

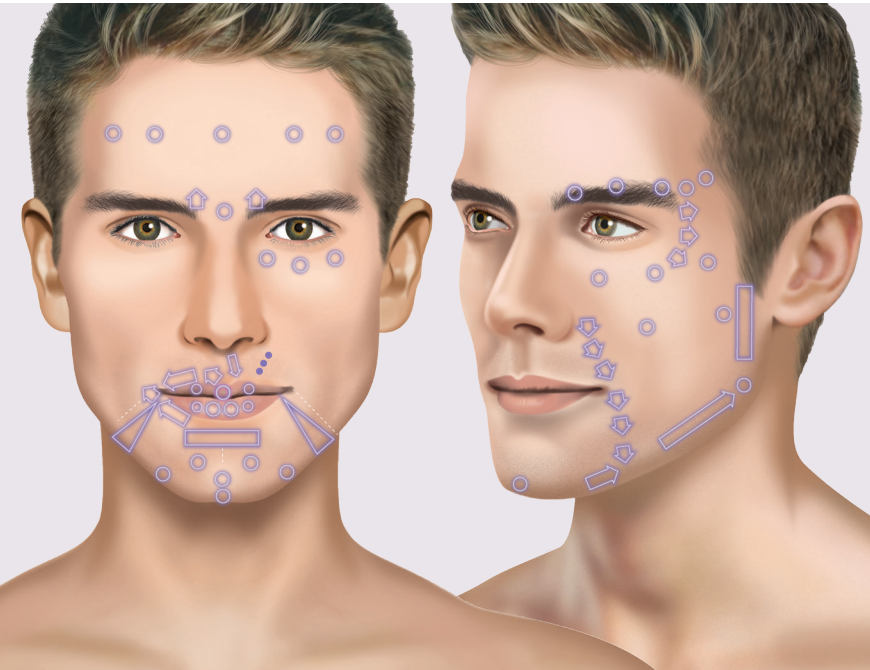

Date of consultation: _____

Your personalised treatment plan

Which treatment outcomes/emotional attributes will we focus on?

1. _____
2. _____
3. _____

Which codes will be treated (circle)?

Your full treatment plan by session
